NORTH SOUTH FOUNDATION

Encouraging Excellence in Education

September 13th, 2019

To whom it may concern:

North South Organization (NSF) is a non-profit organization established in 1989 with a mission of providing scholarships to brilliant, needy students in India and to promote excellence in education by conducting academic contests and coaching in USA. NSF provides online coaching programs for SAT, MathCounts, Elementary Math, Science Bee, Geography Bee to name a few.

Phanideep Karnati volunteered as a coach for Intermediate Science level program from October 2016 - February 2017. The weekly classes were taught online using conferencing tools for virtual classroom. Phanideep aided in NSF's mission to promote excellence in education in America.

Phanideep spent 45 hours in actual class time and preparation for class, homework, student and parent communication etc. He has been a valuable source for students with his coaching.

Phanideep's volunteering helps our program immensely. His initiative shows true dedication to further education of students, who prepare to succeed in Science. We hope he continues to help us in the future and keep up with his commitment to educate children wishing to develop skills in academics outside of school.

Sincerely,
